Work Experience

Mobile Application Developer

RnT Devs-Ghana

July 2024 to August 2024

- Developed and maintained mobile applications for iOS and Android platforms, ensuring high performance, responsiveness, and user-friendly interfaces
- Used version control systems (e.g., Git) effectively to manage source code changes across multiple branches during development iterations or bug fixes
- Designed and implemented RESTful APIs to facilitate communication between frontend and backend systems
- Implemented security measures such as encryption and authentication protocols to protect sensitive user data

Intern

Eckteck developers hub-Ghana

March 2024 to May 2024

- Developed and maintained full stack web and mobile applications using HTML, CSS, JavaScript, and various frameworks such as React, react native and express
- Implemented responsive designs to ensure optimal user experience across different devices and screen sizes
- Integrated third-party APIs and services to enhance functionality and improve data accuracy
- Designed and implemented RESTful APIs for seamless communication between the front-end and back-end systems
- Participated in code reviews to provide constructive feedback on peers' work while also learning from their approaches
- Participated in Agile development methodologies including daily stand-ups, sprint planning, retrospectives, and backlog grooming sessions
